LETTER FROM AN OLD TIME FRIEND

The following letter was received by Webster Stough from an old time friend, Fred Tubbs, son of Will Tubbs of Hillsdale. The letter speaks for itself.

Lemmon, S. D. June 27 1920

Mr. Daniel Webster Stough, Deputy Sheriff,

Dear Web:

This morning I was reading in the St. Paul Dispatch the account of your combat with the "relief committee" at Fulton County. I sincerely hope that the wound you received will not prove serious and that you will soon recover. But I am glad that the sunset did not get away with anything unless it was lead in return. It is more than likely that you have a ring leader in your custody, and I hope if he is found guilty that he will get the full extent of the law. Railroad construction and other business has been all over the central half of the United States and have been a source of trouble to the people. It seems strange that they are not put out of business.

Your name brought to mind many pleasant memories of the summer you spent at our home near Ridgeville and this incident reminding us that there are battles that take place in our midst in times of peace where in too often the action is soon forgotten and the heroism unsung of those who have sacrificed for the good of the community.

Yours sincerely, Fred Tubbs

SPECIAL ATTENTION

Mayor George S. Oakley wishes to call special attention to an ordinance on the Village Ordinance book which prohibits the firing of fireworks, the discharge of guns, pistols or any other firearms within the corporate limits on July fourth.

This year the legal holiday comes on Monday July 5th so that the provisions of the ordinance will cover both Sunday and Monday.

The Mayor is asking the co-operation of every boy and girl, every man and woman young and old in enforcing this ordinance this year.

There are good and sufficient reasons every year why this ordinance should be enforced, but at the present time there are extraordinary reasons why it should be carefully observed. The noise of shooting and the discharge of fireworks is a source of danger to the community.

Let us all heed the Mayor's appeal and show our respect for the law and doing what we can to secure justice for everyone.

CONGREGATIONAL CHURCH

Sunday School at 9:45, newly organized class of young people will study the story of Jesus as recorded in Matthew and Luke with a view to learning how to study the bible.

A special patriotic service will be held at 11 o'clock. The subject of the sermon will be "The Church of Christ and American Democracy." If the home of the world democracy is in America, the home of America is in the churches of America. The churches were the fountain of democracy and are still the fountain of its hope.

UNION MEETING SUNDAY

PATRIOTIC SERVICE

The union meeting of the churches of Wauseon on Sunday July 4th at the High School grounds will be of special interest and importance. It brings the churches together on the Fourth of July, the birthday of American democracy. The church is the fountain, the mother of democracy. James Russell Lowell said in his great essay on Democracy that "Jesus Christ was the only true democrat that ever lived." The teachings of Christianity are the text book of democracy. In these days of talk about Americanism the churches of America should recall the fact of their relation to true Americanism.

The month of July will decide whether the latest attempt at church co-operation on a world scale is going to utterly die out. By the withdrawal of two great contributions from the Interchurch World Movement the financial program of the Interchurch has already been abandoned for the present. The question remains whether the movement and all it stands for is also to die.

These circumstances point to the subject for discussion, "The Interchurch World Movement and the Churches of America." It is hoped that every one who has a membership or patriotic interest in the churches of America whatever his views may be present and take part in this religious patriotic service.

The speaker will be A. E. Fish, before coming to Wauseon he was employed in three different capacities in the Interchurch.

INDUCTION SERVICE

On Sunday, July 11 a special induction service will be held in the Congregational Church at 10:30 a. m. The speakers will be present and all the relations of the church will be emphasized. Mr. F. E. Kenyon will speak on the "History of the Wauseon Congregational Church."

Dr. E. S. Rothrock of Cleveland, State Superintendent of the Ohio will bring a greeting from state and national organizations.

Dr. E. W. Huelser of Cleveland will give the main address. The subject will be announced later. Dr. Huelser has not only been a successful preacher for years but has also been in demand especially in the East and South as a lecturer on the Chautauqua platform.

For three years he has been State Director of the Near East Relief.

LIVE STOCK REPORTING

SERVICE

There have been mailed to all Farm Bureau members and live stock producers a schedule or questionnaire concerning livestock on the farm or in possession of the person to whom the schedule is addressed. The information given on these schedules will be kept strictly confidential and is to be used only for the benefit of and in the interests of farmers who are producing live stock for market. Needless to say it is of vital importance to the common interests of all farmers engaged in animal husbandry that these questionnaires be promptly filled out and mailed in the franked envelope to the Federal officials in Columbus.

This is the beginning of a movement to inaugurate a system whereby stock raisers will have definite information concerning the number of cattle, sheep and swine in competitive territory. I. e., whether they are increasing or decreasing and the rate of change, as well as probable marketing time. This information will be a valuable aid in determining whether it would be advisable to increase or decrease their breeding stock from time to time as well as in determining the extent and time of feeding operations.

They will be able to secure prompt information as the future available supply of live stock for market.

Forecasts of the number of animals on feed expected to be marketed will be made every three months—the forecasted marketing to be divided into ten or fifteen day periods.

It will enable the railroads to make better distribution of their live stock cars and assist in eliminating delays in securing cars for shipping stock.

GAS RATE REFUSED

The Napoleon Council offered to increase the gas rate to \$1.70 per thousand. The Ohio, Gas, Light and Coke Co. refuse to accept this and insist on \$2.15 or shut off the gas.

TUESDAY CLUB PICNIC

The annual picnic of the Tuesday Club will be Thursday July 8th at the home of Mrs. W. W. Sackman at Denison. All members are urged to be present.

FIREMENS CONVENTION

At a special meeting held at Ashland last week, Bryan was chosen as the city to entertain the 1921 Northwestern Ohio Volunteer Firemen.

MEN AGREE ON THIS:

When men who differ in their views on politics, religion and social problems, agree on the wisdom of saving money, of being thrifty and economical, there must be something absolutely right and dependable in their conclusion.

From men of all ages, nations and professions, we get the example and direct command to **SAVE MONEY.**
